About me

My name is Marvin Johanning, I am twenty-one years old and currently reside in a city many deem to not exist — which, obviously, is untrue for I *do* live here and surely I am real. I like writing things even though, perhaps, I am not great at it; yet I enjoy doing so and only through practice can you improve, which is why I write as much as possible as frequently as I can.

I have recently switched from writing in LibreOffice to L^AT_EX, as LibreOffice has proven itself to be headache-inducing when working with large amounts of text which you wish to reformat at a later date.

I tend to write about things relating to languages — be it real or programming languages —, computers and, though rarely, politics. All of these can be found on my website. My biggest writing project to-date is *The Intricacies of Ancient Egyptian Hieroglyphics* (ISBN: 978-3-752952-49-0), which incidentally, was what led me to use L^AT_EX, information regarding which can, too, be found on my website.
